Housing and Residential Life

Floor Plan Notes

The following things should be kept in mind when looking at the following dorms:

1. Rooms proportions contained in the following pages **are not accurate to real life**. They are merely graphical representations to aid you in picking out a dorm room.

2. **Out of the Way** is considered group housing.

Key:

KEY

‖ Represents a Doorway

| A wall

▌ A wall and/or a place where the difference between a set of rooms or 'up stairs' and down stairs' was not clear enough.

☒ A stairway
(in All-the-Way and Half-Way they are used to mark the closets that separate the triples.)

Shading denotes a room as unavailable.

Shading denotes a room desiganted for first-year students.

No shading denotes a room designated for upper-class students.

Group Housing Notes

1. In a number of cases it may be possible to put more than the standard number of people in one dorm. For example up to six people may live in a Cottage, meaning two rooms would become doubles. However, only the four highest amounts of credits go towards calculating the total number of credits.

2. All of the off campus options have a common room, bedrooms, a bathroom, a kitchenette, phone jacks in every room and T1/Cable Modem internet access.

3. Red House and Whittemore House are designated Quiet Housing (10pm-8am Sunday through Thursday & 11pm-8am Friday and Saturday).
