Once you have been admitted to a course:

If you have been admitted into a course you should read the Marlboro College Handbook available online: <http://www.marlboro.edu/community/handbook/>

The Handbook will answer many of your questions and help you to avoid any misunderstandings or possible financial loss. All non-degree seeking students are responsible for adhering to the academic and administrative policies listed in the handbook.

Evaluation:

To receive credit for a course, you must register for credit and submit all required work to the instructor by the last day of the semester, or by the instructor's deadline, whichever occurs first. Policies and procedures governing extension of the deadline for completing course work are described in the Marlboro College Handbook.

Grades will be mailed to the student at the address provided. At mid-semester, students are notified of their status only if their work is less than satisfactory. If the student is concurrently enrolled in high school, grades and progress reports will also be sent to the high school guidance counselor. Parents may receive performance information if the Registrar's Office receives a written request signed by the parents and student.

Marlboro College transcripts:

Transcripts must be requested in writing from the Registrar's Office and will be available within four weeks after the end of the semester. Official transcripts are \$5 each.
