

Marlboro College PLUS Processing Form

A Federal Parent Loan for Undergraduate Students (PLUS) is one way a parent can meet the family contribution for your child's education. To apply you must be a parent of a dependent student (the student's dependency status is determined by the FAFSA not a tax filing).

In addition to completing this form for Marlboro College, the parent borrowing a PLUS loan must complete an application / master promissory note with the Department of Education before your loan can be approved and before any loan disbursements can be sent to the college on your child's behalf. See Q&A for Federal PLUS Loans for federal application instructions.
