INDEPENDENT AUDITORS' REPORT

Board of Trustees
Corporation of Marlboro College
Marlboro, Vermont

We have audited the accompanying financial statements of Corporation of Marlboro College (the College), which comprise the statements of financial position as of June 30, 2013 and 2012, and the related statements of activities, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Board of Trustees
Corporation of Marlboro College

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Corporation of Marlboro College as of June 30, 2013 and 2012, and the changes in net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

CORPORATION OF MARLBORO COLLEGE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2013 AND 2012

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The Corporation of Marlboro College (the College), a nonprofit corporation, was incorporated in 1947 for the purpose of providing liberal arts education to college students. Since that time, the College has expanded its operation and mission to include graduate programs in internet arts and sciences, community service, and economic development.

Basis of Presentation

Net assets and revenues, gains and losses are classified based on donor imposed restrictions. Accordingly, net assets of the College and changes therein are classified and reported as follows:

Unrestricted – Those resources over which the Board of Trustees has discretionary control. The Board designated amounts represent those amounts which the Board has set aside for a particular purpose.

Temporarily Restricted – Those resources subject to donor imposed restrictions which will be satisfied by actions of the College or passage of time.

Permanently Restricted – Those resources subject to a donor imposed restriction that they be maintained permanently by the College. The donors of these resources permit the College to use all or part of the income earned, including capital appreciation, or related investments for unrestricted or temporarily restricted purposes.

Revenues are reported as increases in unrestricted net assets unless use of the related assets is limited by donor imposed restrictions or by law. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulations or law. Expirations of temporary restrictions on net assets, that is, situations in which the donor imposed stipulated purpose has been accomplished and/or the stipulated time period has elapsed, are reported as net assets released from restrictions.

Contributions, including unconditional promises to give, are recognized as revenues in the period received. Contributions subject to donor imposed stipulations that are met in the same reporting period are reported as increases in temporarily restricted net assets and as net assets released from restrictions. Promises to give that are scheduled to be received after the statement of financial position date are shown as increases in temporarily restricted net assets and are released to unrestricted net assets when the purpose or time restrictions are met. Promises to give subject to donor imposed stipulations that the corpus be maintained permanently are recognized as increases in permanently restricted net assets. Conditional promises to give are not recognized until they become unconditional, that is, when the conditions on which they depend are substantially met. Contributions of assets other than cash are recorded at their estimated fair value at the date received. Contributions to be received after one year are discounted at the appropriate rate commensurate with the risk involved. Amortization of the discount is recorded as additional contributions revenue in accordance with the donor imposed restrictions, if any, on the contributions. Contributions of works of art, historical treasures, and similar assets held as part of a collection for education, research, or public exhibition purposes rather than for sale or financial gain are capitalized.

CORPORATION OF MARLBORO COLLEGE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2013 AND 2012

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Presentation (Continued)

During the years ended June 30, 2013 and 2012, the College received 54% and 49% of its contributions from one donor, respectively. The College reports contributions of land, buildings, or equipment as unrestricted support, unless the donor places restrictions on their use. Contributions of cash or other assets that must be used to acquire long-lived assets are reported as unrestricted support, provided the long-lived assets are placed in service in the same reporting period; otherwise, the contributions are reported as temporarily restricted support and reclassified to unrestricted net assets when the assets are acquired and placed in service.

Dividends, interest, and net gains (losses) on investments of endowments and similar funds are reported as follows:

- as increases (decreases) in temporarily restricted net assets if the terms of the gift or applicable law impose restrictions on the current use of the income or net gains; and
- as increases (decreases) in unrestricted net assets in all other cases.

Operating revenues, gains, and other support include interest and dividend income, realized and unrealized gains and losses earned during the fiscal year and, in certain instances, accumulated realized and unrealized gains from previous years, to meet the College's total return spending policy.

Changes in net assets which are excluded from operating income include investment income (loss) greater (less) than amounts distributed pursuant to the College's spending policy, changes in value of split-interest agreements, contributions which are permanently restricted by the donor or which are donor restricted to be used for the purposes of acquiring long-term assets, and the release thereof when the College has complied with the donor restrictions.

Cash and Cash Equivalents

The College considers all highly liquid investments purchased with an original maturity date of three months or less to be cash equivalents. The College maintains its cash in bank deposit accounts that, at times, may exceed federally insured limits. The College has not experienced any losses in such accounts. The College believes it is not exposed to any significant risk on cash and cash equivalents.

Cash Restricted for Long-Term Purposes

The College includes permanently restricted contributions received that have not been invested in investments or investment in limited partnerships in cash restricted for long-term purposes.

CORPORATION OF MARLBORO COLLEGE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2013 AND 2012

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from outstanding balances. The College provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after the College has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. Recoveries of receivables previously written off are recorded when received. All accounts receivable are unsecured.

A receivable is considered to be past due if the receivable balance is outstanding for over 120 days. No interest is charged on past due receivables.

Inventories

Inventories, which consist primarily of fuel inventory and bookstore inventory, are carried at the lower of cost (average cost) or market. Cost is determined by the first in, first out method.

Investments

Investments and investments in limited partnerships are carried at fair value. Fair values are based on quoted market prices, if available, or estimated using quoted market prices for similar securities. Fair value for investments in limited partnerships for which there is no readily determinable fair market value is determined by the limited partnership's investment fund management in accordance with the limited partnership agreement.

Split-Interest Agreements

The College's split-interest agreements with donors consist of a pooled life-income fund. Changes in the value of split-interest agreements are recorded as change in value of split-interest agreements in the statements of activities.

Land, Buildings, and Equipment

Land, buildings, and equipment are stated at construction or acquisition cost except gifts in-kind, which are recorded at their estimated fair value at the date of the gift. The costs of repairs and maintenance are charged to expense as incurred; major renewals and betterments are capitalized. Depreciation is computed on a straight-line basis over the estimated useful lives of the assets. When plant and equipment are retired or disposed of, the cost and related accumulated depreciation are removed from the accounts and any gain or loss is included in the statement of activities at the date of disposition.

CORPORATION OF MARLBORO COLLEGE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2013 AND 2012

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accrued Sabbatical Leave

The College accrues the cost of the employees' unrestricted sabbatical leave over the employees' requisite service period. The unrestricted sabbatical leave liability accrued as of June 30, 2013 and 2012 was \$171,202 and \$498,003, respectively.

Deposits and Deferred Revenue

The College receives payments for certain summer programs and fall registration fees prior to June 30 of each year. In order to properly match revenues and expenditures, such payments are credited to student deposits at June 30. The revenue will be recognized in the fiscal year when the programs are conducted.

Tax Status

The College is a not-for-profit corporation as described in Section 501(c)(3) of the Internal Revenue Code (Code) and is generally exempt from income taxes on related income pursuant to Section 501(a) of the Code.

The College has adopted a policy that clarified the accounting for uncertainty in income taxes recognized in an organization's financial statements. The policy prescribes a recognition threshold and measurement principles for the financial statement recognition and measurement of tax positions taken or expected to be taken on a tax return that are not certain to be realized. The implementation of this policy had no material impact on the College's financial statements. The College files as a tax exempt organization. The College's 2010, 2011, and 2012 tax years are open for examination by the IRS.

Use of Estimates

The presentation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities. These costs include direct and indirect costs that have been allocated, on a consistent basis, among the program and supporting services benefited. All functional expense categories, with exception of institutional support, can be classified as expenses supporting the College's main program. Institutional support expenses are considered administrative expenses and include fundraising expenses (Note 16).

Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in value in the near term would materially affect the amounts reported in the statement of financial position.

Reclassifications

Certain reclassifications have been made to the June 30, 2012 financial statements in order to present them in conformity with the June 30, 2013 financial statements. These reclassifications had no effect on net assets as previously reported.

Subsequent Events

In preparing these financial statements, the College has evaluated events and transactions for potential recognition or disclosure through October 25, 2013, the date the financial statements were issued.

NOTE 9 INVESTMENT IN LIMITED PARTNERSHIPS

The investment in limited partnerships is carried at the College's proportional share of the fair value of the net asset value of the limited partnerships. The balance in the investment in limited partnerships at June 30, 2013 and 2012 was \$26,254,151 and \$20,376,372 respectively. Investment income (loss) from investment in limited partnerships for the years ended June 30 consists of the following:

	2013	2012
Interest and Dividends	\$ 207,001	\$ 10,669
Unrealized and Realized Gains	3,719,792	(929,054)
Less: Investment Management Fees	(524,678)	(564,485)
Total	\$ 3,402,115	\$ (1,482,870)

Under the College's limited partnership agreements, the College had a total capital commitment outstanding of approximately \$2,290,424 at June 30, 2013. Cash restricted for long-term purposes within the endowment will be used to fund this capital commitment.

Total	<u><u>\$ 5,002,781</u></u>

Under the terms of the Revenue Bond agreement, the College is required to maintain ratios as determined in accordance with Section 498 of the Higher Education Act and to maintain a value of investments equal to at least \$20,000 per enrolled full time undergraduate student. Insurance coverage over general liability, fire and other natural disasters, and boiler insurance must be maintained throughout the term of the College's indebtedness. Audited financial statements in accordance with accounting principles as generally accepted in the United States must be submitted no later than 150 days after the fiscal year-end under audit. The College is required to have independent counsel render an opinion on each fifth anniversary date after issuance of the bond to the effect that all financial statements and continuation statements have been recorded or filed.

The College is required to maintain a reserve account in conjunction with the RD mortgage, which shall be used for repairs or replacements for any damages that are not covered by insurance, improvements to the facility that have been approved by the RD, or to fund any short falls in the debt service account when the principal and interest is due. The College shall transfer \$1,509 per month until there is an accumulated sum of \$181,080, after which no further transfers need to be made except to replace withdrawals. At June 30, 2013, the balance in this reserve account was approximately \$118,000, which is included in cash and cash equivalents in the statement of financial position. Insurance coverage over fire, public liability, vehicular public liability, workers' compensation, medical malpractice and builder's risk insurance must be maintained throughout the term of the mortgage.

Interest Expense

Interest expense was \$186,350 and \$192,619 for the years ended June 30, 2013 and 2012, respectively.

Line of Credit

The College has a line of credit from a bank in the amount of \$2,000,000. This line of credit is available on a revolving basis during certain times of the year, and is payable on demand. Borrowings under this line of credit bear interest at the bank's base rate (3.25% at June 30, 2013 and 2012). At June 30, 2013 and 2012, there were no amounts outstanding under the line of credit agreement.

NOTE 13 FAIR VALUE OF FINANCIAL INSTRUMENTS

In accordance with the requirements of Financial Accounting Standards Board *Accounting Standards Codification* (FASB ASC) 825-10-50, *Disclosure About the Fair Value of Financial Instruments*, the estimated fair values of the College's financial instruments as of June 30, 2013 and 2012 have been determined by using, where practicable, appropriate valuation methodologies.

The fair value of cash and cash equivalents approximates its carrying value using a level 1 approach. The fair value of long-term debt is estimated based on current rates offered to the College for debt of similar terms and maturities which is a level 3 approach. Under this method, the College's fair value of long-term debt was approximately \$350,000 more than the carrying value at June 30, 2013 and 2012.

NOTE 14 FACULTY TERMINATION AGREEMENT

In June 1990, the College entered into an agreement with its existing faculty whereby each faculty member would be paid an additional two months' salary at the then existing salary rate upon termination of employment with the College. Included in accrued expenses at June 30, 2013 and 2012 was \$53,746 and \$119,315, respectively, related to this agreement.

NOTE 15 RETIREMENT PLAN

The College participates in retirement plans administered by the Teachers Insurance Annuity Association of America (TIAA) and College Retirement Equities Fund (CREF). Substantially all full-time employees are eligible to participate in the plans. The College and eligible employees each contribute a minimum of 1% up to 5% of regular salary, as defined, and employees may make additional voluntary contributions in excess of the mandatory contribution of 5%. The College's contribution to retirement plans for the years ended June 30, 2013 and 2012 was \$233,538 and \$219,294, respectively.

The College adopted a defined contribution retiree healthcare plan effective July 1, 2007. This plan is administered by Emeriti, Aetna, and Fidelity. All employees who have attained the age of 40 and have completed one year of service are eligible. The College contributes \$20.65 monthly to those eligible during their employment, as defined, and employees may make additional voluntary contributions. The College's contributions to the retiree healthcare plan for the years ended June 30, 2013 and 2012 were \$20,262 and \$48,151, respectively.

NOTE 16 FUNDRAISING EXPENSES

Fundraising costs for each of the years ended June 30, 2013 and 2012 were approximately \$320,000, and are included in institutional support expense.

NOTE 17 ENDOWMENT

The College's endowment consists of funds established for a variety of purposes. Its endowment includes both donor-restricted endowment funds and funds designated by the board of trustees to function as endowments. As required by U.S. generally accepted accounting principles (GAAP), net assets associated with endowment funds, including funds designated by the board of trustees to function as endowments, are classified and reported based on the existence or absence of donor imposed restrictions.

Interpretation of Relevant Law

The College has interpreted the State of Vermont Prudent Management of Institutional Funds Act (the Act), which became effective May 5, 2009, as requiring the preservation of the contributed value of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the College classifies as permanently restricted net assets (1) the original value of gifts donated to the permanent endowment, (2) the original value of subsequent gifts to the permanent endowment, and (3) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. If the donor-restricted endowment assets earn investment returns beyond these amounts, that excess is available for appropriation and, therefore, classified as temporarily restricted net assets until appropriated by the Board for expenditure. Funds designated by the board of trustees to function as endowments are classified as unrestricted net assets.

In accordance with the Act, the College considers the following factors in making a determination to appropriate or accumulate donor restricted endowment funds:

1. The duration and preservation of the fund
2. The purposes of the organization and the donor-restricted endowment fund
3. General economic conditions
4. The possible effect of inflation and deflation
5. The expected total return from income and the appreciation of investments
6. Other resources of the organization
7. The investment policies of the organization

Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or the Act requires the College to retain as a fund of perpetual duration. In accordance with GAAP, deficiencies of this nature that are reported in unrestricted net assets were \$-0- as of June 30, 2013 and 2012.

NOTE 17 ENDOWMENT (CONTINUED)

Return Objectives and Risk Parameters

The College has adopted investment and spending policies for endowment assets that attempt to provide a sustainable and consistent level of support for the College's operating budget, while preserving the inflation adjusted purchasing power of the principal of the endowment fund. Endowment assets include those assets of donor-restricted funds that the organization must hold in perpetuity or for a donor-specified period(s) as well as board-designated funds. Under this policy, as approved by the Board of Trustees, the endowment assets are invested in a manner that is intended to produce results that exceed or meet designated benchmarks while incurring a reasonable and prudent level of investment risk.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the College relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The College targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

Spending Policy

The College has a policy of appropriating for distribution each year up to 5.75% of its endowment fund's average fair value over the prior 12 quarters through the calendar year-end preceding the fiscal year in which the distribution is planned. In establishing this policy, the College considered the long-term expected return on its endowment. This is consistent with the College's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return.

NOTE 18 LEASES

The College is the lessor of office space in an office building located in Brattleboro, Vermont, expiring in various years through 2016.

Minimum future rentals to be received on noncancelable leases as of June 30, 2013, for each of the next five years are as follows:

<u>Year Ending June 30,</u>	<u>Amount</u>
2014	\$ 348,200
2015	324,161
2016	238,264
2017	175,050
2018	180,155
Thereafter	182,267
Total	<u><u>\$ 1,448,097</u></u>

Rental income from these leases was \$412,376 and \$422,600 for the years ended June 30, 2013 and 2012, respectively.

NOTE 19 FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, defines fair value, establishes a framework for measuring fair value in accordance with accounting principles generally accepted in the United States of America, and expands disclosures about fair value measurements.

FASB ASC 820-10-20 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. FASB ASC 820-10-20 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1 - Quoted prices (unadjusted) or identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2 - Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3 - Significant unobservable inputs that reflect the College's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

Assets measured at fair value on a recurring basis are summarized below at June 30:

NOTE 19 FAIR VALUE MEASUREMENTS (CONTINUED)

The fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is best determined based upon quoted market prices. However, in certain instances, there are no quoted market prices for the College's various financial instruments included in Level 2 and Level 3. The fair value for Level 2 investment in limited partnerships is primarily based on market prices of comparable securities, interest rates, prepayment speeds, and credit risk.

The fair value for Level 3 investment in limited partnerships is based on the net asset value determined by the general partners as there is typically little, if any, market activity for the underlying investment. The fair value of certain debt securities held by these partnerships is based upon bids received from primary pricing sources. The fair value for certain derivative contracts held by these partnerships is based upon non-conventional models incorporating various cash flow assumptions.

The charitable remainder unitrust is valued using the College's proportional interest in the fair value of the assets held by the trust, based on the donor's life expectancy. The pooled life-income funds are reported at the fair value of the underlying investments, based on quoted market prices.

Changes in fair value of assets measured at fair value on a recurring basis using significant unobservable inputs (Level 3) are comprised of the following for the years ended June 30, 2013 and 2012:

NOTE 20 ENVIRONMENTAL REMEDIATION LIABILITY

During the fiscal year ending June 30, 2011 the College recognized its legal obligation to remove asbestos from its premises. As a result the Organization has reflected an undiscounted estimated liability of \$155,225 and \$149,075 for the cost of removing the asbestos as of June 30, 2013 and 2012, respectively. It is reasonably possible that the amount of the estimated liability could change in the near term. The date of removal is undetermined as of June 30, 2013.
